

Financial education that's quality and convenient.

Not all of your workers are available at specific times and locations to learn how to take the actions needed to be financially well. Each month, another informative webinar—hosted by a qualified financial professional—will be posted to teach them what you need to know about important financial topics, including:

- Budgeting and debt management
- How to pay off student loan debt
- Your Social Security benefits
- Understanding your health savings account
- What you should know about life insurance
- Healthcare in retirement
- The basics of saving and investing
- And many, many more!

Prudential Pathways webinars are designed to help you connect workers to the information and knowledge that can help them achieve improved outcomes; and these campaigns are designed to make it easy for you to get the word out.

Contact your Prudential representative or visit www.prudential.com/wellnesseffect to learn more.

These seminars are provided by a Prudential Financial Professional with The Prudential Insurance Company of America and are not intended to market or sell any specific products or services. Offering this seminar does not constitute an endorsement of Prudential products or services in any way. You should consult with your employer regarding your specific plan benefits.
